

Introducing Home Automation

CEDIA[®]
MEMBER

BDS Home Automation offers both custom design and installation, or straight out of the box solutions. It can be a minefield of choices in the communications and media world and it's near impossible to keep up with it, unless it's your passion. We're passionate about staying up to date with all the latest technology, while still not getting caught up in hype or brand.

BDS Home Automation are CEDIA members and as such represent the world's finest custom electronic design and installation companies... which is what your home deserves.

- Home Automation
- Multi-Room Audio & Video
- Data & Comms
- Lighting Control Systems
- Heating & Cooling Control
- Home Cinema
- Automatic Blinds/Shading

SONOS **HDL**[®]

With a simple touch, you can dim the lights, play music, turn up the heat, lock the doors and arm the security system. Check in on your home from your smartphone, no matter where you are. Press a "Goodnight" button that will put your house to sleep, turning off all lights and locking all doors. With Home Automation from BDS, your options are virtually limitless...

BDS Home Automation Division

Unit 7, Vulcan House, Restmor Way, Hackbridge, Surrey, SM6 7AH
